Good afternoon Amy

I have had a good look through what we can offer and have a couple options for you, unfortunately we don't have much for the size you require, I think we spoke about these ones before but this is what we can offer but both of these machines are great at what they do

First is the Billy goat leaf vac which is the one you mentioned you have, im not sure which model you have but the more industrial ones do have slightly bigger storage,

One being the Quiet vac, this has the nozzle and pick up tool fitted as standard but I thought the advantage of this would be how the bags are fitted would be easier to drop them when full and collect after,

Link for this one is here:
https://www.billygoat.co.uk/QV900HSP%20product%20page.html retailing at £5580 + VAT

The other option is the Wolf 3 which is the one we make, this has a much larger capacity than the Billy goat but it doesn't have a walk behind function to walk over the leaves and pick up it just has a pick-up tool so would take longer, but not sure if combined with a leaf blower it would be a any good to you,

https://www.trafalgarcleaningequipment.co.uk/wolf-3-petrol-leaf-and-litter-collector/

if you wanted anything bigger than this then you would need to look into a towed unit as there isn't much else on the market at all.

So you know we have both of the units above in stock,

Hopefully this helps and we can sort something for you

Many thanks and speak soon !

- Leon

If you would take a moment to write us a review about your experience by clicking HERE it wo uld be much appreciated and helps us greatly!
